

COLLEGE OF HEALTH PROFESSIONS - GRADUATE ADMISSION REQUIREMENTS

Admission requirements varies by program. See the programs below for the exact admission requirements.

Master of Physician Assistant Studies (MPAS) Program

Prospective students should complete an application through the **Centralized Application Service for Physician Assistants (CASPA)**¹. Applications are reviewed on a rolling basis and ranked according to the number of admission points awarded during the selection screening process. A campus visit and interview with the MPAS Admission Committee will be offered to selected applicants.

Determining conditional acceptance is the role of the Chamberlain MPAS Admission Committee. The Committee reviews all CASPA verified applicants based on educational experience, CGPA, GRE scores, healthcare experience and letter writers' assessments of the applicant's ability to be a future physician assistant. Applicants may submit materials for consideration by the Admission Committee that are above or below the thresholds. Students whose CGPA for the bachelor's degree is between 2.75 and 2.99 may be evaluated on a case-by-case basis. Additional factors important to student success in a physician assistant program may also be considered by the Admission Committee such as an applicant's most recent educational experience. Acceptance is not guaranteed.

Minimum criteria for admission to the Master of Physician Assistant Studies degree program are as follows:

- A degree in any major at the bachelor's level from an institution recognized by the Council for Higher Education Accreditation (CHEA)².
- A minimum Cumulative Grade Point Average (CGPA) of 3.0 on a 4.0 scale for the bachelor's degree or higher as listed on the transcript from the degree conferring school.
- Prerequisite science courses completed within the previous 10 years (see prerequisite requirements section).
- Completion of prerequisite courses with a grade of C or better (see "Prerequisite Requirements" below) and a minimum CASPA-calculated Cumulative Grade Point Average (CGPA) of 3.0 for science courses at the time of CASPA verification.
- Submission of scores from the Graduate Record Examination (GRE) taken within the last 10 years.

- Completion of an on-campus interview with the MPAS degree program Admission Committee. Interviews are by invitation only, and completion of an interview does not guarantee admission.

To be eligible for acceptance, all admission requirements must be satisfied. If requirements are pending receipt of official documentation, a student may be granted conditional acceptance. MPAS applicants pending degree program conferral or pending final grades at the time of application may be conditionally accepted into the program.

In addition, cleared background and fingerprint checks are required. If an applicant has not initiated a background and fingerprint check, an extension may be granted, and the student will be conditionally accepted to the program and placed on a clinical compliance hold. All conditionally accepted students must satisfactorily clear all background and fingerprint checks by the Friday of Week 3 of their first session of enrollment as a condition of matriculation into the MPAS degree program. Conditionally accepted students are not considered a regular student and enrollment will not be final until all screening categories are satisfied. Conditionally accepted students may not enroll in a clinical course.

Conditionally accepted students are not eligible for Title IV Federal Student Aid. If conditionally accepted students using third party benefits (company reimbursement, military or veteran benefits, etc.) are not accepted to the program, they will be responsible for repaying any benefits paid to them based on enrollment certifications while conditionally accepted. During the conditional period, the student is permitted to enroll in non-clinical courses without incurring program charges. If requirements that are pending receipt of official documentation are received by the first day in August and clearance of required screenings are received by Friday of Week 3, the student will be granted admission to the program, and the student may be eligible for Federal Aid, retroactive to the start of the session. If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student violates any Chamberlain academic policies, does not provide official documentation by the first day in August, or is not cleared by Friday of Week 3 of their first session of enrollment, they will be dropped from the course(s) and tuition will be reversed. Any equipment fees or charges will not be reversed.
