

STUDENT IDENTIFICATION IN CLINICAL SETTINGS

Chamberlain MPAS students are required to wear a student issued white coat during their Clinical Clerkships. Students must wear their Chamberlain ID tag, either clipped to their lab coat or worn around their neck with the Chamberlain student lanyard, which will clearly identify them as a MPAS student.

Chamberlain MPAS student scrubs in ciel blue are mandatory and must be purchased online at the Chamberlain bookstore. Visit chamberlain.edu/uniform or connect with your clinical coordinator for instructions on ordering your white coat prior to the clinical clerkship year.
