¹ 123 for Washington residents, and students residing in California or Minnesota seeking to obtain a certificate in public health nursing from the CA or MN Board of Nursing.

Note: Program/program option availability varies by state/location.

Post-Licensure Program Overview

- RN to BSN Degree Completion Option (online)

The Bachelor of Science in Nursing (BSN) degree program offers a RN to BSN degree completion option for registered nurses wishing to complete their BSN degree in as few as three semesters. The registered nurse with an associate degree or diploma may complete the BSN degree via online instruction. The online option allows the registered nurse student to complete the BSN degree in three semesters within an educational format designed for adult learners. Advantages include the convenience of scheduling, a focus on core content readily applicable to professional settings and interaction with peers who share many similar professional experiences and values.

Practicum/Experiential Learning Evaluation

In Chamberlain post-licensure programs students in clinical/experiential practicum settings will be evaluated regularly on meeting clinical objectives throughout each course. This evaluation is completed by both the preceptor/mentor and the course faculty. Students must successfully meet clinical objectives specific to each course by the end of that course. The faculty of record is responsible for all evaluation of student performance and makes the final determination of grades regarding student evaluation. Students will have an opportunity to evaluate their preceptor and clinical site once each term.

Program Outcomes

The expected outcomes for the Bachelor of Science in Nursing (BSN) degree program graduate are as follows:

1. Provides individualized comprehensive care based on theories and principles of nursing and related disciplines to individuals, families, aggregates and communities, from entry to the healthcare system through long-term planning.
2. Demonstrates leadership and collaboration with consumers and other healthcare providers in providing care and/or delegating

responsibilities for health promotion, illness prevention, health restoration, health maintenance and rehabilitative activities.

3. Communicates effectively with patient populations and other healthcare providers in managing the healthcare of individuals, families, aggregates and communities.
4. Integrates clinical judgment in professional decision making and implementation of the nursing process.
5. Demonstrates responsibility for continued personal and professional development through enrollment in graduate education, continuing education degree programs, professional reading and participation in professional organizations and community service.
6. Implements professional nursing standards by practicing within the legal definitions of nursing practice and acts in accordance with the nursing code of ethics and American Nurses Association (ANA) standards of practice.
7. Practices in established professional roles consistent with entry-level BSN graduates to provide cost-effective, quality healthcare to consumers in structured and unstructured settings.
8. Incorporates evidence-based practice in the provision of professional nursing care to individuals, families, aggregates and communities.

A Post-Baccalaureate Certificate in Leadership Foundations program is available to all BSN graduates. See the Certificate Program section in this catalog for more information.

Program Details

RN to BSN Option - 122 Credit Hours (Effective May 2024)

Degree: Bachelor of Science in Nursing | Semesters: 3 Full Time

Professional nurses are provided an opportunity to expand their professional knowledge in the RN to BSN option. Graduate education and career mobility build upon this degree program.

Minimum credit hours required for graduation: 122¹ (15 general education; 6 electives; 24² nursing; 77 CCAP).

For more information, visit chamberlain.edu/rnbsn.

¹ 123 for Washington residents, and students residing in California or Minnesota seeking to obtain a certificate in public health nursing from the CA or MN Board of Nursing. (21 general education; 25 nursing; 77 CCAP).

² 25 for Washington residents, and students residing in California or Minnesota seeking to obtain a certificate in public health nursing from the California or Minnesota Board of Nursing.

Code	Title	Hours
Chamberlain College Articulation Plan		
CCAP		
	Registered nurses with current, active RN licensure in the U.S. or a jurisdiction that is an associate member of the National Council of State Boards of Nursing (NCSBN) may be awarded up to 77 proficiency credit hours through the Chamberlain College Articulation Plan (CCAP). This includes 37 general education credits and 40 nursing credits.	77
English and Communications		
ENGL-148N	Advanced English Composition	3
Quantitative Reasoning		

MATH-225N	Statistical Reasoning for the Health Sciences	3
Humanities and Fine Arts		
HIST-405N	United States History	3
