

ADVANCED STANDING BY TRANSFER OF CREDIT

Chamberlain evaluates transfer courses from an institution accredited by an organization recognized by the Council for Higher Education Accreditation (CHEA) or the U.S. Department of Education. Foreign transcripts must be evaluated by a NACES-approved evaluating agency or Chamberlain's internal Global Transcript Evaluation Services. Chamberlain may require a catalog, syllabus or additional material.

Transfer of courses are considered on an individual basis. Transcripts from previously attended institutions are required and the course(s) must be comparable in level and content to the course for which the student receives credit. The evaluation includes an analysis of how the courses accepted in transfer meet specific course requirements in the curriculum. Chamberlain does not accept transfer credit for general life experiences, transitional studies coursework and courses taken on a pass/fail basis.

Undergraduate Transfer Credit Requirements Only

- A grade of "B-" or higher is required for all science and nursing transfer credits (pre-licensure only)¹. A grade of "C" or higher is required for all other transfer credits.
- Pre-licensure nursing coursework must have been completed within the past five years and be from a baccalaureate level program to be considered for transfer credit or for degree completion.
- Transfer credit will not be awarded for any clinical nursing course at the 300 level or above.
- Courses transferring in for science credit must have been completed within five years of the date of enrollment or re-entry (See the Re-Entry Requirement section of this catalog) and include a lab component in order to be considered for transfer credit or for degree completion.²
- **Note:** Pass "P" grades awarded during Spring 2020 and Summer 2020 semesters (or grades awarded during the following months: March 2020-September 2020) will be considered as transferable. Pass grades in science courses may be accepted for transfer if the corresponding HESI Admission Assessment (A2) test score is 72 or greater.

¹ Prior to May 2025, "C" grades earned in anatomy and physiology or microbiology courses may be accepted for transfer if the corresponding HESI Admission Assessment (A2) score is 72 or greater. If an applicant does not achieve a 72 or greater on the first attempt, a second attempt may be requested, but it must be completed before registration for the first session of enrollment.

² Prior to May 2025, courses transferring in for microbiology, chemistry or anatomy and physiology credit must have been completed within seven years of the date of enrollment or re-entry (See the Re-Entry Requirement section of this catalog) and include a lab component in order to be considered for transfer credit or for degree completion.

Re-Entry Requirements for Academically Dismissed (Pre-Licensure Programs Only) March 2025 & Beyond

For all academically dismissed students, the following will apply:

All previously completed or transferred science credit will be re-evaluated for students who have been academically dismissed. If the science course does not meet the transfer rules in place at the time of re-evaluation, the course will need to be repeated.

These students will also be required to complete Chamberlain's SELF Survey regardless of place of re-entry within their 3-year degree plan. Students re-entering in NR-224 Fundamentals: Skills and NR-229 Fundamentals – Skills, NR-304 Health Assessment II and NR-306 Health Assessment or any course before in the 3-year degree plan, will be required to complete a relearning only with no re-entry assessment. Students re-entering in NR-226 Fundamentals: Patient Care or any course after, will be required to complete a re-entry assessment based on place of re-entry within the 3-year degree plan.

The student can enroll without a delay in courses that meet pre-requisite and co-requisite requirements. Information on the financial impact of re-entry should be provided before enrollment so the student can make the best decision about when to start. The completion of the re-entry assessment and relearning is a requirement for the next course sequence for progression.

If the student does not take the re-entry assessment (if required) and complete the individualized relearning, the student must repeat any nursing course(s) passed. If the re-entry session start changes, the location academic leader may provide the student the opportunity to repeat the re-entry assessment (if required) and relearning. The student also has the option to opt out of the re-entry process. Due to financial aid and academic implications, it is in the best interest of the student to carefully choose which option they wish to pursue; students who choose to opt out of the re-entry process and enroll in the coursework at Chamberlain may not be allowed to follow the re-entry process at a later date. The student is responsible for additional tuition and fees related to retaking the course(s).

Graduate Transfer Credit Requirements – Nursing

- A grade of "B" or higher is required for all transfer credits.
- Core nursing coursework must have been completed within the past seven years to be considered for transfer or for degree completion.¹
- Specialty nursing coursework must have been completed within the past five years to be considered for transfer or for degree completion.¹
- Maximum of 6 semester hours of transfer credit may be accepted except for the NP graduate certificates, the following may be accepted:

Prior to January 2024

- For master's or doctorally conferred students, a maximum of 9 credit hours may be accepted for any of the following courses: NR-506NP Healthcare Policy and Leadership, NR-503 Population Health, Epidemiology and Statistical Principles, or NR-565 Advanced Pharmacology Fundamentals.
- For master's or doctorally conferred CU students, a maximum of 15 credit hours may be accepted for NR-506NP Healthcare Policy and Leadership, NR-503 Population Health, Epidemiology and Statistical Principles, NR-507 Advanced Pathophysiology, NR-509 Advanced Physical Assessment, and NR-565 Advanced Pharmacology Fundamentals.
- For master's or doctorally conferred certified nurse practitioners a maximum of 15 credit hours may be accepted for NR-503

Population Health, Epidemiology and Statistical Principles, NR-506NP Healthcare Policy and Leadership, NR-507 Advanced Pathophysiology, NR-509 Advanced Physical Assessment, and NR-565 Advanced Pharmacology Fundamentals.

- For certified nurse practitioners, NR-507 Advanced Pathophysiology, NR-509 Advanced Physical Assessment, and NR-565 Advanced Pharmacology Fundamentals will receive an aging rule waiver to be considered for degree completion².

Effective JANUARY 2024

- For master's or doctorally conferred students, a maximum of 9 credit hours may be accepted for any of the following courses: NR-582 Leadership and Role Development for Advanced Nursing Practice, NR-586NP Population Health and Epidemiology for Advanced Nursing Practice, or NR-565 Advanced Pharmacology Fundamentals.
- For master's or doctorally conferred CU students, a maximum of 15 credit hours may be accepted for NR-582NP Leadership and Role Development for Advanced Nursing Practice, NR-586NP Population Health and Epidemiology for Advanced Nursing Practice, NR-507 Advanced Pathophysiology, NR-509 Advanced Physical Assessment, and NR-565 Advanced Pharmacology Fundamentals.
- For master's or doctorally conferred certified nurse practitioners a maximum of 15 credit hours may be accepted for, NR-582NP Leadership and Role Development for Advanced Nursing Practice, NR-586NP Population Health and Epidemiology for Advanced Nursing Practice, NR-507 Advanced Pathophysiology, NR-509 Advanced Physical Assessment, and NR-565 Advanced Pharmacology Fundamentals.
 - For certified nurse practitioners, NR-507 Advanced Pathophysiology, NR-509 Advanced Physical Assessment, and NR-565 Advanced Pharmacology Fundamentals will receive an aging rule waiver to be considered for degree completion².
- Maximum of 3 semester hours of transfer credit may be accepted for the Graduate Certificate in Nursing Informatics without Practicum.
- For the NP specialty tracks, transfer credits will only be accepted for the core courses.
 - NR-545 Pharmacology, Physical Assessment, and Pathophysiology Nurse Practitioner graduate placement will have no expiration or aging time frame in order to be considered for degree completion.
- For Doctor of Nursing Practice (DNP), qualifying practicum hours will be considered for transfer.
- DNP students who have been out for six or more sessions who have started the Project and Practicum course sequence will need to start over in the first Project and Practicum course upon re-entry to the DNP degree program and will be required to complete NR-730 DNP Project prior to enrolling in NR-702A DNP Project & Practicum I, NR-702B DNP Project & Practicum I, or NR-702C DNP Project & Practicum I.

automatic transfer credit of the 3P courses and will default to the current aging rule of 5 years.

Re-Entry Requirements (Nurse Practitioner Specialty Track Students Only) March 2021 & Beyond

For all readmitted applicants, who have completed NR-509 Advanced Physical Assessment in the curriculum, the following will apply:

The student must complete an assessment prior to re-entry to determine the appropriate course placement. Students will have one attempt to earn a passing score. If the assessment is successfully passed, the student may resume where they left off in the program. If the student is unsuccessful on the first attempt, the student will be enrolled in NR-509 Advanced Physical Assessment (and the associated immersion) when it is available. NR-509 Advanced Physical Assessment must be successfully completed in order to continue in the degree program.

Graduate Transfer Credit Requirements – Health Professions

- A grade of “B” or higher is required for all transfer credits.
- Advanced standing is not offered for the Master of Physician Assistant Studies degree program.
- Maximum of 6 credits may be transferred into the Master of Public Health degree program.
- No transfer credits allowed for the Post-Baccalaureate Certificate in Public Health Generalist.
- Maximum of 15 credits may be transferred in the Master of Social Work Traditional Option.
- Maximum of 6 credits may be transferred into the Master of Social Work Advanced Standing Option.

Note: Pass “P” grades awarded during Spring 2020 and Summer 2020 semesters (or grades awarded during the following months: March 2020-September 2020) will be considered as transferable.

Re-Entry Requirements – Master of Physician Assistant Studies (MPAS) Degree Program

For students, excluding those on an approved Leave of Absence, who are returning during the didactic year following an interruption in studies or are reinstated following an appeal of academic dismissal, cleared background and fingerprint checks must be completed at the expense of the student. A student who has not cleared the background and fingerprint checks by the Friday of Week 3 of the first re-entry session will be dropped from courses and withdrawn from the program. All other clinical compliance requirements must be up-to-date by the deadline stipulated for new students.

Students who are returning in the clinical year, a cleared drug screen, background and fingerprint check may be needed depending upon the amount of time since the last cleared screening and the requirements of clinical sites. Students must be clinically compliant with all healthcare compliance requirements prior to the first day of the first scheduled clerkship.

Prerequisite science course credit will be re-evaluated for all students, excluding those on an approved Leave of Absence, returning to the program in the didactic year. If the science course was not completed within the 10 years prior to re-enrollment, the course will need to be repeated. Students may enroll in prerequisite science courses offered at Chamberlain in a non-matriculating status; prerequisite science courses

¹ Credits earned in Chamberlain's DNP degree program will be evaluated for degree completion only.

² Prospective Certified Nurse Practitioners must show proof of board certification upon admission for gap analysis and transfer equivalency evaluation. Failure to show proof of National Certification will prevent

not offered at Chamberlain may be taken at another institution accredited by an organization recognized by the Council for Higher Education Accreditation (CHEA) or the U.S. Department of Education.

All students returning in the didactic year must also demonstrate proficiency in previously completed courses in the form of a written comprehensive examination for each course covering the entire content of that course.

Students returning after an approved Leave of Absence must pass a comprehensive examination for each of the following courses that were previously passed. If a score of at least a 76 percent is not achieved on the first attempt, the student must repeat the course. All examinations must be completed prior to the financial aid advising appointment.

Code	Title	Hours
PA-510	Comprehensive Clinical Module Dermatology	1
PA-512	CCM Hematology/Oncology	2
PA-514	Comprehensive Clinical Module Infectious Disease	2
PA-516	Comprehensive Clinical Module HEENT (Head, Ears, Eyes, Nose, Throat)	3
PA-518	Comp Clin Mod Cardiovascular	8
PA-520	Comprehensive Clinical Module Pulmonology	5
PA-522	Comprehensive Clinical Module Endocrinology	3
PA-524	Comprehensive Clinical Module Nephrology & Genitourinary	4
PA-526	Comprehensive Clinical Module Gastroenterology	5
PA-528	Comprehensive Clinical Module Neurology	4
PA-530	Comprehensive Clinical Module Musculoskeletal	4
PA-531	Emergency Medicine	3
PA-532	Surgical and Clinical Skills	3

Readmitted students who did not have an approved Leave of Absence or who are reinstated following an appeal of academic dismissal must pass a comprehensive examination for every course that was previously passed. If a score of at least a 76 percent is not achieved on the first attempt on an examination for the courses listed above, the student must repeat the course. If a score of at least a 76 percent is not achieved on the first attempt on an examination for a course that is not listed above, the student must audit the course. All examinations must be completed prior to the financial aid advising appointment.

Students returning from a leave of absence during the clinical year are required to complete the clinical year courses not yet passed.
