

PRACTICUM/EXPERIENTIAL LEARNING EVALUATION

Post-Licensure Students Only

In Chamberlain post-licensure programs students in clinical/experiential practicum settings will be evaluated regularly on meeting clinical objectives throughout each course. This evaluation is completed by both the preceptor/mentor and the course faculty. Students must successfully meet clinical objectives specific to each course by the end of that course. The faculty of record is responsible for all evaluation of student performance and makes the final determination of grades regarding student evaluation. Students will have an opportunity to evaluate their preceptor and clinical site once each term.
