A variety of services are available to students in order to support and enhance their experiences at the University. Services and organizations are available to promote a feeling of community and comfort, as well as affording students the opportunity to participate in leadership and decision-making roles.

## Student Government Association (SGA)

Chamberlain University welcomes and encourages students to participate in the Student Government Association (SGA). SGA members advocate for students and serve as liaisons between faculty and students. This organization is offered to both onsite and online nursing programs. Students should contact a student support advisor for more information.

Students can learn more about SGA by visiting the **student portal**.

## National Student Nurses Association (NSNA)

Chamberlain University students are encouraged to participate in the National Student Nurses Association (NSNA).
