California

Definition of Consent

California Education Code Section 67386 (which applies to California campuses) defines "Affirmative Consent" as: Affirmative, conscious and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved in the sexual activity to ensure that the person has the affirmative consent of the others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent.

Definition of Sexual Harassment

California Education Code Section 66262.5 (which applies to California campuses) defines sexual harassment as unwelcome sexual advances, requests for sexual favors and other verbal, visual or physical conduct of a sexual nature, made by someone from or in the work or educational setting, under any of the following conditions:

- submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, academic status or progress;
- submission to or rejection of, the conduct by the individual is used as the basis of employment or academic decisions affecting the individual;
- the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance or of creating an intimidating, hostile or offensive work or educational environment; and
- submission to or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs or activities available at or through Chamberlain.

Illinois

Definition of Consent

Illinois Preventing Sexual Violence in Higher Education Act (which applies to Illinois campuses) utilizes a definition of "Consent" which recognizes that:

- consent is a freely given agreement to sexual activity,
- a person's lack of verbal or physical resistance or submission resulting from the use or threat of force does not constitute consent,
- a person's manner of dress does not constitute consent,
- a person's consent to past sexual activity does not constitute consent to future sexual activity,
- a person's consent to engage in sexual activity with one person does not constitute consent to engage in sexual activity with another,
- a person can withdraw consent at any time and
- a person cannot consent to sexual activity if that person is unable to understand the nature of the activity or give knowing consent due to circumstances, including without limitation the following:
 - the person is incapacitated due to the use or influence of alcohol or drugs;
