Bullying and cyberbullying, which is abusive or aggressive conduct that is intimidating, hostile, threatening, humiliating or offensive when viewed from the perspective of both the individual and a reasonable person in the same situation. Prohibited bullying may include but is not limited to, sabotaging or undermining an individual or group's academic performance or education experience.
7. Participation in the activity of "hazing," defined as any action taken or situation created which, regardless of intent or consent of the participants, may reasonably produce bodily harm or danger, mental or physical discomfort, embarrassment, harassment, fright, humiliation or ridicule or otherwise compromises the dignity of an individual; compels an individual to participate in an activity that is unlawful and or contrary to University rules, policies and regulations; will unreasonably or unusually impair an individual's academic efforts and occurs on or off campus.

Hazing is further defined as an act that endangers the mental or physical health or safety of a student or removes public or private property, for the purpose of initiation or admission into, affiliation with or as a condition for, continued membership in a group or organization. Such activities and/or actions prohibited include but are not limited to: tests of endurance; submission of members or prospective members to potentially dangerous or hazardous circumstances; any activity that by its nature is so intense that it would cause severe mental anxiety, mental distress, panic, human degradation or public embarrassment; creation of excessive fatigue or a late-work session that interferes with scholastic activities or deprives persons of the opportunity for sufficient sleep (six hours per day), decent edible meals and/or access to means of bodily cleanliness; forcing or coercing a person to consume alcohol or other substances, in any amount; any requirement that compels an individual to participate in an activity that is illegal, perverse or indecent; and compelling individuals to engage in sexual behaviors, sexual or racial harassment or slurs or exhibitionism.

If a student is charged with an off-campus violation of federal, state or local law, Code of Conduct proceedings may be initiated if the violation of law holds the potential of an adverse impact on the Chamberlain community.

University proceedings may be instituted against a student charged with violation of a federal, state or local law that is also a violation of the Student Code of Conduct (for example, if both violations result from the same factual situation) without regard to the pendency of civil litigation or criminal arrest and prosecution. Proceedings for violations of the Student Code of Conduct may be carried out prior to, simultaneously with or following civil or criminal proceedings.

When a student is charged by federal, state or local authorities with a violation of law, the University may or may not, at its discretion, request or agree to special consideration for that individual because of their status as a student. If the alleged offense is also the subject of a proceeding before a judicial body, the University may advise authorities of the existence of the Student Code of Conduct and of how such matters will be handled internally with the Chamberlain community. The University will cooperate fully with law enforcement and other agencies in enforcing criminal law on University property and in the conditions imposed by criminal courts for rehabilitation of student violators. Individual student or faculty members, acting in their personal capacities, remain free to interact with a governmental representative or law enforcement official as they deem appropriate.

Even where otherwise permitted under local law, marijuana use, possession or influence on University premises, at University events or that adversely affects the Chamberlain community, is prohibited. Testing positive for marijuana, including medical marijuana, will result in disciplinary action. Violation of state, federal or other local regulations with respect to illegal drugs are subject to both criminal prosecution and disciplinary action.
17. Possession, distribution, sale or consumption of alcoholic beverages, except as expressly permitted by law and University regulations. Violation of state, federal or other local regulations with respect to alcohol are subject to both criminal prosecution and disciplinary action.

Drug testing may be required by the University as a condition of admission and subsequent drug screenings may be required at any time during the course of employment or enrollment and by any clinical learning agency.
