

MASTER OF PHYSICIAN ASSISTANT STUDIES (MPAS): MISSION, VISION & PURPOSE

Mission

To educate and empower competent, compassionate and culturally sensitive physician assistant professionals who advance the health of people, families, communities and nations.

Vision

By living *Chamberlain Care*[®], we graduate extraordinary physician assistant professionals who transform the health of people worldwide.

Program Goals:

1. Enable graduates to apply the knowledge and skills necessary to provide compassionate, competent and culturally sensitive patient-centered care.
2. Empower graduates to manage the healthcare needs and challenges of underserved populations.
3. Foster professionalism throughout the entire MPAS curriculum.
4. Model and cultivate cultural humility throughout the entire MPAS curriculum.
5. Be a workforce solution by graduating high quality physician assistants to help meet the needs of the healthcare system.
