

SEX & GENDER-BASED MISCONDUCT RESPONSE & PREVENTION: PREVENTION AND AWARENESS

Acts that are deemed to fall within the scope of this Policy are violations of the Codes of Conduct as well as the expectations of members of the Chamberlain community. These acts may also be crimes. To increase the likelihood of intervention and reduce the risk of sex and/or gender-based misconduct from occurring among its students and colleagues, Chamberlain is committed to providing primary and ongoing awareness and prevention programming.

Primary and ongoing awareness and prevention programs will cover the continuum of issues contemplated by this Policy. Themes will include situational awareness and prevention strategies, such as bystander intervention and other forms of risk reduction. While bystander intervention specifically refers to the safe and effective ways in which third parties can intervene to thwart sex and/or gender-based misconduct, risk reduction also encompasses various strategies to eliminate or reduce risk of harm by avoiding or removing oneself from situations that are dangerous or uncomfortable. Awareness programs are events that occur online or in person that invite active engagement of community members. It is the expectation and responsibility of each member of the Chamberlain community to participate in programming which will assist with ongoing prevention efforts as well as effective and efficient identification and response when sex and/or gender-based misconduct does occur.

Primary prevention and awareness programming will include a comprehensive online education platform intended for viewing by all colleagues and students as well as student-facing vendors if necessary and appropriate.

The program will be completed by:

- New students and transfer students within three weeks of the start of the student's first session
- Returning and continuing students who did not take the training as a new or transfer student within three weeks of the start of the session the student is scheduled to resume or continue studies
- Colleagues by the date stated in email notification
- Specific vendors by the date stated in email notification

Access to the primary prevention program and its contents will be ongoing throughout the participant's relationship with Chamberlain. Members of the Chamberlain community are encouraged to visit this resource regularly for personal, professional and academic purposes.

Ongoing prevention and awareness campaigns are public service announcements and campaigns as well as messages and activities integrated into the day-to-day fabric of the academic community. These initiatives are intended to reinforce increased awareness regarding sex and/or gender-based misconduct and prevention strategies throughout the year. Chamberlain will continually seek formal and informal ways to incorporate additional awareness and prevention strategies, e.g., active and passive educational campaigns, such as social norms poster campaigns, newsletter articles, presentations and volunteerism with local community resource agencies. When additional ongoing education

is provided, the organizer will report that event, activity or effort to the Title IX Coordinator for record keeping and quality assurance purposes. Toolkits including ideas and resources that support ongoing efforts and are related to the primary prevention and awareness programming, will be made available to any campus upon request.

Additional training will be delivered to colleagues responsible for responding to reports of sex and/or gender-based misconduct, including but not limited to complaint administrators, conduct administrators, conduct panelists and appeal reviewers. These colleagues should complete the primary prevention and awareness programming described above as well as remote or live training and/or consultation with the Title IX Coordinator before and during management of an allegation within the scope of this Policy.
